

# Reimagining Your Math Adoption: Selecting Materials for a Generation of Learners

## Opportunity:

[Research](#) shows that high-quality instructional materials are a key lever for [educational equity and success](#) for each and every learner. In the context of California's [new Mathematics Framework](#) and upcoming Mathematics Instructional Materials Adoption, [CalCurriculum](#) offers a year-long, mathematics materials adoption professional learning experience designed for California districts and Charter Management Organizations (CMOs).

**We invite all California LEAs to apply to this FREE, grant-funded opportunity. Districts and CMOs will receive a \$1,600 total stipend to offset substitute coverage for teachers to be able to attend all four sessions.\***

## Workshop Series Outcomes:

In these workshops, your district/CMO team will:

- Learn what high-quality math instruction entails,
- Develop a plan for the adoption of standards-aligned, high-quality math materials, and
- Articulate the role of materials adoption and implementation as an adaptive change process centered on equitable student outcomes.

## Workshop Series Overview:

Four synchronous sessions (in Orange County, CA). Asynchronous work will need to be completed between sessions, including an onboarding webinar for the first session and an implementation off-boarding webinar.

- Sessions 1-2:
  - Wednesday-Thursday November 9-10 (**In-person**; Orange County, CA)\*
- Sessions 3-4:
  - Wednesday-Thursday January 25-26 (**In-person**; Orange County, CA)\*

These workshops offer educators the opportunity to learn best practices in choosing and implementing the highest-quality mathematics materials, which includes bringing a variety of stakeholders to the decision table. With that in mind, teams of 4-8 will be required for participation, with the majority of the team being classroom teachers.

**Application Deadline:** August 30, 2022

**Acceptance Notification:** September 6, 2022

## About Us:

CalCurriculum's goal is to help districts adopt and implement quality instructional materials by providing independent reviews, actionable resources, and guidance tailored to the California context. CalCurriculum is a partnership between [Pivot Learning](#), a California-based non-profit technical assistance provider, and [EdReports](#), a national non-profit.

*\*The stipend will be paid at the completion of the cohort.*

*\*\*Currently, we are planning to host the workshops in-person, on the four specific dates listed above. Due to the evolving nature of the global pandemic, we will update all registrants if there are any potential changes in format by September 6. We also commit to following all local COVID-19-related guidelines and mandates (i.e., social distancing and mask usage) for any in-person engagements.*
